Digital Marketing Strategy

Unit V Assignment Guide — Everything you need to craft a compelling digital marketing strategy and explore your career path in the field.

Made with GAMMA

UNIT V OVERVIEW

What Your Assignment Must Cover

1

Competitor Analysis

Analyse at least 2 competitors — their positioning, keywords, content, and digital presence.

2

LSI Keywords

Identify and use Latent Semantic Indexing keywords to strengthen topical relevance and SEO.

3

Reputation Management

Present a clear plan to monitor, respond to, and build your brand's online reputation.

4

App Store Optimisation

If applicable, outline ASO tactics — title, description, ratings, and keyword strategy.

5

Future Strategy

Propose a forward-looking digital marketing plan with measurable goals and channels.

Made with GAMMA

COMPONENT 1

Competitor Analysis

What to Analyse

- Website traffic and SEO rankings
- Social media presence and engagement
- Content strategy and tone of voice
- Paid ad spend and creatives
- Customer reviews and sentiment

Minimum Requirement

Select **at least 2 direct competitors** in your chosen industry. Use tools like **SEMrush, SimilarWeb, or Ubersuggest** to gather data. Present findings in a comparison table — highlight gaps your brand can exploit.

Made with GAMMA

COMPONENT 2 & 3

LSI Keywords & Reputation Management

LSI Keywords

LSI keywords are **semantically related terms** that help search engines understand context. Go beyond the primary keyword — build a web of related phrases.

Example: For "running shoes" → LSI terms include "jogging footwear", "best trainers for marathon", "cushioned sole sneakers"

Reputation Management Plan

- **Monitor:** Set up Google Alerts and social listening tools
- **Respond:** Define a protocol for negative reviews
- **Build:** Encourage user-generated content and testimonials
- **Recover:** Crisis communication framework

COMPONENT 4 & 5

App Store Optimisation & Future Strategy

App Store Optimisation (ASO)

Relevant only if your brand has a mobile app. Focus on keyword-rich titles, compelling descriptions, high-quality screenshots, and actively managing user ratings to improve visibility and downloads.

Future Digital Marketing Strategy

Outline a 6–12 month roadmap. Include channels (SEO, social, email, paid), KPIs, budget allocation, and emerging trends like AI-driven personalisation and short-form video content.
